

Hasan DİKMEN

I worked as a research assistant in the Department of Nuclear Energy Engineering at Hacettepe University between 2000 and 2006. I have been working as a Nuclear Engineer at Turkey Atomic Energy Agency (TAEK) since 2006. I worked as an Experimental Officer in the Gamma Spectrometry Laboratory (2006-2011) then I worked as head of the Department of Radioactivity and Analytical Measurement (2012-2016). Between 2011 and 2012, I was trained in IRMM and Radionuclide Standardization in Belgium as part of the European Union project. Currently, I have been working on the measurement of radioactivity by Gama Spectrometric Method in TAEK.
